

What is BossInGame.com?

BossInGame is a **free online business game** where participants manage a virtual company in a simulated environment, competing with other players from around the planet.

What has this business game to offer?

A dynamic tool to complement **educational** activities related to **business administration** and economics.

Participants learn new economical concepts and can also develop their managerial soft-skills by using an intuitive online tool which puts the participant in the role of the CEO of a virtual company.

What will the participants learn?

Participants in BossInGame will learn economical concepts related to the management of the following departments: R+D, Manufacturing, Logistics, Sales, Marketing and Finance.

Who is the target?

Educators who wish an **innovative business game** to complement their present educational courses and boost students motivation and team work.

How can I use this tool?

Educators can use BossInGame as an **online virtual Lab** where participants can experiment with business concepts learned during the course and apply them in their virtual companies.

How much does it cost?

BossInGame is free if the participants use the standard simulations (once a week or once a day).

For personalized simulations calendars, an **annual membership fee of 28 Euros** per participant is required.
